Friends and Family we greet you this holiday season with joy and gratitude in our hearts. We are so blessed to complete our 15th year of missionary service. After four months of training in Atlanta, GA and our commissioning, we had two weeks with family and friends and lots of preparations to make. On 1 January 1999 we arrived in Port-au-Prince, Haiti to begin our global mission services. Our mission has changed, we have aged, and we have faced challenges, yet our desire to service in God's mission remains strong. Your support and prayers have helped us over these years and we hope this will continue. Bless all of you this holiday season and always!

We hope you are moved and blessed by these photos Ted took in the Democratic Republic of the Congo in November. You will see that **creativeness is a necessity.**

Tiny baby in an incubator. See the coke bottle that they fill with warm water. Samuteb is the only hospital in rural Kapanga, started by missionaries in 1914.

Pressure cooker in the only way to sterilize surgical instruments. Without this pot, there could be no germ-free surgeries performed.

Creative Refueling with fuel costs for Avgas over \$15.00 per gallon

Creative Aircraft Moving

Creative Truck - This young man is going to the river for water.
